

ARE DEADLOCKED.

No Successor to Pope Leo XIII Has Yet Been Chosen by the Conclave.

MUCH PUBLIC INTEREST AROUSED

Immense Crowds Pack the Great Square of St. Peter's Presenting a Spectacle Seldom Seen.

A Large Quantity of Provisions Was Sent Into the Conclave Through the Wicket Gate Sunday, Indicating a Long Contest.

Rome, Aug. 3.—No successor to Leo XIII. has yet been chosen. From the smoke which issued from the little chimney on the Sistine chapel Sunday night, a vast multitude gathered around St. Peter's learned that the second day of the conclave had finished fruitless. The conclusion is drawn that the strength of the leading candidate remains unbroken and that no compromise candidate has appeared. And there is no indication of how long this condition of affairs will continue. The prolongation of the contest has aroused tremendous public interest, if indeed, it can not be called excitement. Every trace of that apathy which followed the death of the late pope has vanished and instead there now exists a burning interest in everything pertaining to the election of his successor.

This culminated Sunday night in the appearance of a great crowd which packed the great square of St. Peter's and presented a spectacle seldom seen even at the site of so many historic ceremonies. The impenetrable seclusion which shrouds those engaged in determining who shall be at the head of the Catholic church heightens the feverish curiosity of those who await their decision. Princes, princesses, archbishops, bishops, monsignors, priests, well to do business people, in short, people from every walk in life, from that of nobleman to street beggar, talked of nothing but La Fumata (the signal smoke). Both Sunday morning and Sunday evening this was the lodestone which drew tens of thousands to the square of St. Peter's. There for hours with strained ears and craned necks they waited in the hope of seeing a tiny little stream of smoke so insignificant that it was almost impossible to realize that a great issue was involved in its fleeting appearance.

The scene at St. Peter's Sunday night was by far the most impressive that has occurred in Rome since the late pope became ill. After the fruitless morning ballot, a belief spread that a new pontiff would surely be elected Sunday evening. All roads during the afternoon, therefore, led to the vatican.

A great quantity of provisions was sent into the conclave Sunday through the wicket gate, including 300 chickens, 500 newly laid eggs, many litres of milk, crates of fruit, etc. All the provisions were thoroughly examined before being allowed to pass through the wicket. Forty of the chickens were cut open to see that they did not contain contraband matter.

PLOT TO KIDNAP THE SULTAN.

Three Hundred of the Conspirators Were Hacked to Pieces.

Constantinople, Aug. 3.—A strange chariot, laden with 40 dead bodies, mysteriously left the sultan's palace at dawn a few days ago. Some young officers and students of the military school, inspired by the Belgrade assassinations, had plotted to kidnap the sultan and force him to abdicate in favor of his younger brother, Djouabai Bey.

The plot failed because of the vigilance of Pasha Ali-Mohamet, who watches over the sultan's sleep. The Albanian guard surrounded the conspirators and cut them to pieces. The number of bodies carried away clandestinely is said to have been more than 300.

HIGH HEeled SHOES.

They May Cost the Life of Dr. W. Godfrey Hunter's Daughter-in-Law.

Louisville, Ky., Aug. 3.—Mrs. William Hunter, wife of the son of Dr. W. Godfrey Hunter, former minister to Guatemala and Honduras, is critically ill at Norton Infirmary as a result of wearing high heeled shoes.

Mrs. Hunter was compelled to have an operation performed several months ago, but the relief was only temporary. She had been out of the infirmary only three weeks when the disease began to reassert itself, and Sunday it was found necessary to send her back to the infirmary to undergo an operation.

Dr. A. M. Cartledge has notified Mr. Hunter that amputation will be necessary and doubts that even this radical treatment will save her life. Dr. W. Godfrey Hunter, who is now in New York, has been telegraphed for and will arrive in Louisville Monday morning.

BECAUSE HIS MOTHER WEDS.

Boy Swallowed Carbolic Acid and Died in a Few Hours.

Stanford, Ky., Aug. 3.—Charles Saufley, aged 16, took carbolic acid here Saturday night, and died Sunday night at 7:30. The reason assigned is that his mother, Mrs. Annie S. Saufley, had married J. C. McCarty, a prosperous citizen, against his wishes. His brothers, Robert Saufley and Shelton M. Saufley, who are connected with the Morning Democrat in Lexington, have been summoned here.

STRANGE CATTLE DISEASE.

None has been known to live over 24 hours after being attacked.

WHITE HALL PARK.

Another Will of Gen. C. M. Clay Turns Up and Will Be Offered For Probate.

IT WAS EXECUTED MARCH 28, 1901

It is in the Well-Known Handwriting of the General But it is Without Witnesses.

The White Hall Lands Shall Remain Intact Forever and Shall Be in Fee Simple the Property of the Government.

Lexington, Ky., Aug. 3.—Another will of Gen. Cassius Marcellus Clay, executed March 28, 1901, a year after the one to be offered for probate Monday in Richmond, has been produced by Dora Clay Brock, the former child-wife of Gen. Clay. The instrument is in Gen. Clay's own hand-writing and sealed on the back with his private seal in green wax.

A. J. Alexander and some person named by him, and Dora Clay Brock, his former wife, are selected as executors. These shall dictate their successors.

The White Hall lands and fixtures of 360 acres shall remain—including houses, trees, etc., forever the same intact—the finest natural park on earth. It shall be fee simple the property of the United States of America in trust for the inhabitants of this earth. It shall be so long under the care of my executors as may be deemed best by the federal government and then be under their directions, etc., in the purposes of this legator.

His coal mines in Clay county, Kentucky, about 300 acres, more or less, shall be formed into a company and worked for the use and benefit of the funds and needs of the White Hall park, and to pay all legacies, debts, etc., here enjoined. The 360 acres of my son, Green Clay, deceased, from his late divorced wife, Mary Jane W. Clay, who lived in Madison county, Kentucky, shall be sold and the proceeds go into the White Hall park reserve fund. All other lands shall be sold for the same fund or given to the legatees as ordered herein.

His former wife, Dora, shall have \$10,000 invested in United States bonds, the interest of which shall be used by her and Cassius M. Clay Brock, her son, and at her death shall go to the heirs of her body forever, and she is requested by the donor to care for the "Afrans," who have been among her truest friends, and the children of the Afrans school, near Keene, Ky.

All other properties, personal and real, choses in action, etc., shall go into the reserve fund where doubt about their disposal shall arise.

He bequeaths small sums to personal friends, but none of the moneys, devices, legacies, real or personal, shall go to any of his blood kinfolk or their connections under penalty of forfeiture to the reserve fund, two-thirds to the fund and one-third to the informer.

In a codicil the legator appoints Dora Brock alone as his executor. She shall appoint another and the two shall choose a third executor.

The entire will is in Gen. Clay's handwriting. The document was given to Dora Clay Brock by the general's own hand with the admonition that she should not open it until after his death. This will will be offered for probate Monday. There will be a bitter contest as the attorneys for Dora Clay Brock are determined to fight every inch of ground. The later will is without witnesses.

The other will, which will also be offered for probate Monday, was made May 12, 1900, duly witnessed and attested, and leaves Dora \$10,000 and one-fourth interest in the mines, as does the last will, but it makes other bequests, notably among which are \$2,000 to build a Methodist church within one-half mile of Dora Brock's home, \$3,000 to John Cabell Chenault, and un stipulated amounts to the Filson club, of Louisville.

REMARKABLE DOG.

Mr. George M. Hord's Mathematical Canine That Puzzles Men of Science.

The Indianapolis Sentinel has the following interesting article about a dog belonging to Mr. George M. Hord, who recently visited here. The dog gave private exhibitions of his wonderful powers while here:

Sublime consciousness, occult power and reincarnation are the terms used by experts in explanation of the wonderful talents manifested by a specimen of the canine family that has been in Indianapolis for the past few days.

Addition, subtraction, multiplication and division are a few of the subjects that have been mastered by this unusual dog and its master claims that it can solve complicated problems involving all of those processes more readily and more accurately than any bookkeeper or expert account in town. The dog has been exhibited before several of the most prominent people of Indianapolis, and without exception they have been astonished and mystified at its performances. For instance, you can write a number between one and five on a piece of paper and hide it, and when the dog is asked what number it is she will immediately indicate it by that number of barks. She is told to add two and three and then subtract one and she gives the answer before you can think of it yourself. She was asked yesterday how many people there were in the room and she indicated it correctly. She was then told to tell how many had straw hats, and this test was also successful, but she was evidently not acquainted with the smoking habit, for when she was asked how many of the gentlemen were smoking cigars she fell down on the proposition and gave an incorrect answer. The most severe test was when the dog was placed in a separate room and a number written which she indicated correctly. The owner of the dog claims that she can correctly divide 100 by 25, 1,000 by 100 and solve an arithmetic problem something like this—to seven times nine add three, subtract six and divide the result by ten.

The dog's powers cannot be explained, but it is a wonderful animal to say the least. It is claimed that there has only been one dog in the world that was endowed with similar powers, and that one died a short time ago in Chicago.

This dog is a beautiful Scotch Collie with eyes of almost human intelligence. At present it is only seven months old, but it began to show its strange powers at the age of five weeks. It goes by the name of Bozzie, and is the constant companion of its owner, George M. Hord, a Chicago traveling man. Mr. Hord has been offered a thousand dollars for the dog, but he would not part with it at any price. When he first noticed that the dog had unusual ability he began to train it, and he succeeded in developing it to its present state of perfection.

"Bozzie" is the niece of the famous dog of the same name that was owned by George B. Clason, of Chicago. This dog had similar powers and was exhibited before King Edward and President Roosevelt. Mr. Roosevelt was so pleased with its performance that he had a gold collar made for it. Five thousand dollars was refused for the dog before its death.

Mr. Hord does not intend to use his dog as a money-making proposition, nor go in the amusement business, but he may decide in the future to fill a few dates in connection with church entertainments. Mr. James M. Jones, Vice-President and Assistant General Manager of the Indianapolis Traction and Terminal Company was so pleased with the performance of the dog that he had a special pass embossed for the dog permitting it to travel over all the lines in the city free of charge.

DEATH ON THE RAIL

Head On Collision Between Two Freight Trains on the Queen and Crescent Road.

THREE TRAINMEN WERE KILLED.

The Trains Were Going at a High Rate of Speed and the Crash Was Heard For Miles.

Interurban Cars Collide Near Mooresville, Injuring Over 30 People, Two of Whom May Die—The Cars Met on a Curve.

Chattanooga, Tenn., Aug. 3.—A head-on collision between two freight trains, each drawn by two engines, resulting in the death of three trainmen, occurred Saturday night on the Queen & Crescent railroad, about 16½ miles from Chattanooga.

The dead are: Fireman D. A. Phillips, Fireman J. Walters, Fireman J. Price, all of Somerset, Ky.

The injured: Engineers T. S. Duke and N. S. Fitzgerald, both of Somerset.

The trains met at a dip in the road while going at a high rate of speed and the crash was heard for miles. The collision is attributed to the failure of the dispatcher to deliver orders to the south-bound train for the meeting point. The engines and a number of cars were badly damaged.

Indianapolis, Ind., Aug. 3.—Behind time and running at a high rate of speed, car No. 106, south-bound, on the Indianapolis and Martinsville interurban road, crashed into a north-bound car three miles south of Mooresville Sunday morning injuring over 30 people, two of whom will probably die.

The south-bound car was heavily loaded with passengers bound for Bethany Park. The north-bound car had only a few passengers and, with the exception of the motorman, Frank Easterday, none was injured. Both cars were specials and met on a curve.

The accident happened in a grove remote from town or farm houses and it was impossible to secure aid until another car arrived from Martinsville, when the injured were removed to Bethany Park and medical aid summoned.

Bethany Park is the summer assembly of the Christian church and the passengers were going to the park to attend services. The women at the park joined in preparing bandages and in aiding the physicians. All the injured were removed to their homes. The cause of the accident, it is said, was due to the telephone system not being in good working order and the crew not being able to get orders.

BOAT STRUCK BY LIGHTNING.

Three Men Were Killed and Two Persons Badly Burned.

Mobile, Ala., Aug. 3.—The pleasure yacht Florodora was struck by lightning Sunday afternoon off the wharf at Point Clear on Mobile bay, killing three men. The dead are: Ledyard Scott, formerly professor in the Imperial university at Kogasima, Japan; Bruce Granville Lincoln, a wealthy young Englishman visiting Mobile in connection with some investments, and William Brewton, pilot of the yacht. Mr. Scott's daughter and Chas. Baldwin, engineer, were burned badly by the bolt, but were not fatally injured.

EXPLOSION WAS TERRIFIC.

Attempt Made to Blow Up a Northern Pacific Bridge.

Livingston, Mont., Aug. 3.—An attempt was made Sunday to blow up the Northern Pacific bridge across the Yellowstone river east of Livingston. The explosion was terrific and broke windows in scores of houses in the eastern part of Livingston. The big bridge was twisted out of alignment. The powder had been placed by inexperienced persons and to that fact is attributed the escape of the structure. A large hole was made in the central pier of the bridge.

SCATHING ARRAIGNMENT OF THE MONEY "KINGS."

The Philadelphia Inquirer, a Republican paper, contains a scathing, but timely arraignment of the Wall street money "kings." They have been called the "money devils," and perhaps that is a more appropriate title in one view of the case. While they exercise despotic power in the financial world, and are thus, in a sense, "money kings," yet that power is exercised so fiendishly or devilishly at times that they can well be called "money devils." The Inquirer thus denounces them:

The United States has no monopoly of the swindler and the thief. The predatory promoter casts his net in all waters, and many a confidence game has been successfully worked in London equal in turpitude to our own asphalt steal and more extensive in its scope. But the real leaders of London finance, the men of whom the Rothschilds are typical, have always been distinguished by their conservatism and by their integrity. They are the protectors of property, not its destroyers, and they recognize as a duty the obligation imposed upon them to conserve the wealth which has been entrusted to their stewardship and from whose control they derive their own fortunes.

As much cannot be said of the money kings of New York. There are among them a few, a very few, honorable exceptions, but most of them are in the habit of acting as though there were no rights anywhere which they needed to respect, as though they were wholly irresponsible persons whom none were entitled to call to account. They quarrel among themselves, and apparently without a thought or a care for the consequences to others, they engage in a conflict from which thousands of persons, guiltless of any wrong, are the innocent and helpless sufferers. They deliberately combine for the destruction of values and use their power to depress far below their actual worth the very securities of which at another time they

had induced the purchase. The course of events in Wall street during the past few weeks is thoroughly disgraceful to all those whose combined operations brought it about, and it constitutes a striking and scathing arraignment of the conditions which made it possible.

When multi-millionaires join hands in a campaign on values, and when banks with a reputation for conservatism aid them in the onslaught confidence becomes credulity, and all investment takes on the complexion of a gamble. And that is the situation.

For an enjoyable outing attend the Germantown fair, Aug. 26-29th. Large shady grounds, abundance of ice water. Beyond all comparison the most enjoyable fair in the State.

The marriage of Miss Laura Louise Lloyd, of Germantown, and Mr. Charles Osborne Pickett, of Omaha, Neb., is announced to take place early in September. Miss Lloyd is a daughter of Mr. and Mrs. Evan Lloyd and sister of Mrs. John C. Adamson formerly of this city. Mr. Pickett is a son of ex-Sheriff Pickett.

Weber's Grand Military Band of twenty-five skilled musicians, composed of the cream of musical talent of the city of Cincinnati, will furnish the music at the Maysville Elks' Fair, August 19, 20, 21 and 22. Mr. John C. Weber has no peer as a conductor, and a musical treat of all the best and latest music will be served the patrons of the Elks fair.

Rev. Dr. Evans' sermon at the union service at the First Presbyterian Church last evening was an unusually powerful and instructive discourse, impressing upon all the importance of being more charitable towards others in our views, both in the religious and political world. Man's knowledge is but imperfect, no matter how learned he may be. Prof. F. E. Adams, who is arranging with the local military company to give the military drama, "San Juan," on Aug. 11th, was present and sang the sacred solo, "Comfort Ye That Mourn." Prof. Adams was with the Emma Abbott Opera Company for several years and has also been a teacher of voice culture in the Steinway Conservatory of Chicago. He has a splendid voice, and the large audience were delighted with his singing last evening. The service next Sunday evening will be at the Christian Church, and Rev. H. T. Musselman will preach.

Try For a Prize!

We offer twelve dollars in prizes for the six best white loaf cakes exhibited at the Elks Fair, Maysville, August 19th to 22nd, and the Germantown Fair August 26th to 29th. At each of the above fairs the prize is given for a WHITE LOAF CAKE; \$3 for the best, \$2 for second best, \$1 for third best. The only condition is that a receipt, one of which we issue with every pound can of

Chenoweth's Baking Powder.....

shall accompany the cake. To the many good cooks who use our powder exclusively it is not necessary to say that it is absolutely the best and purest leavener on the market. However, there are many good cooks who have never tried it but who we trust will take advantage of one of these offers to give it a trial. We know that if it is given a trial you will find it so superior to other powders that you will continue to use it.

The Barrett barge line has added a new, large, model boat and two new scows to its fleet, all built at the yards in Levana. Work has also begun at the same plant on twelve scow barges for use on the Mississippi river. Captain Oscar Barrett owns and runs the boat and barge building plant at Levana.

Dr. John W. Daily, prominent in Boston as a physician, surgeon and author, was recently granted a patent for a clock, or rather a pendulum, which will likely prove very remunerative to him. This pendulum used on the ordinary clock is said to make it the equal of the costliest regulator. Dr. Daily is a brother of Mr. M. C. Daily, of this city.

Here's is Jim Allen's latest:

Positive Proof From Maysville Can't be
Brushed Lightly Aside.

The reader is forced to acknowledge that convincing proof from people in this locality is pre-eminently ahead of endorsements from everywhere else in our republic. Read this: Mr. John H. Fansler, of 209 East Fourth street, says: It is most pleasing to learn of a remedy which does all that is claimed for it when there are so many whose merits exist only on paper. I know that Doan's Kidney Pills are a valuable and reliable remedy and this fact is substantiated by ample proof from their personal use. I procured the remedy at J. Jas. Wood & Son's drug store, corner of West Second and Market streets."

No wonder your sale is a great success. Such values I have never seen before. I have run out of money but will go home for more. These words were often repeated by the throngs that crowded our store on Friday and Saturday. THE FASTEST GROWING STORE must have room. We are going to build a much needed addition. We want every piece of summer goods out of the way. Money moves the world but it takes a lot of it. Money will move our goods and it will only require a little. MRS. JACOB MILLER.

Death Claims Another One of Maysville's Old and Highly Respected Residents.

The venerable Mrs. Jacob Miller, whose critical illness was mentioned Friday, died Sunday evening about 5 o'clock at the family residence on East Fourth street.

Mrs. Miller had been in failing health for some time, and on last Thursday was stricken with paralysis. She was in the eighty-second year of her age. Her husband survives, with two daughters and two sons.—Mrs. Anna Means, of this city, and Mrs. William Slusser and Mr. Chas. Miller, of Cincinnati. Mrs. Miller was one of the oldest and most faithful members of the M. E. Church.

The funeral will take place Tuesday at 2 o'clock, at the church.

Train No. 5 on the Chesapeake and Ohio a few days ago covered fourteen miles, between Maysville and New Richmond, at an average speed of eighty-four miles an hour.

Ashland Independent: "Never in the history of the C. and O. railroad has there been such a scarcity of telegraph operators as at the present time. Several offices along the line are closed for the want of this class of employees."

THE REASON WHY.

The question is often asked, why is it that people go, time after time, and night after night, to listen to the concerts rendered by DeBaugh and his 20th Century Band. The solution is easy. In the first place, it is the bright, sparkling music of the day which appeals to and pleases the great masses of the music-loving people.

This band, as directed by DeBaugh, renders this style of music with a dash and brilliancy which has never been equaled by any other band. It is also a generally conceded fact that DeBaugh's is undoubtedly the greatest novelty band in the world, introducing more innovation and original ideas than all the other concert bands combined. DeBaugh possesses the happy faculty of knowing what the public wants, and giving it to them.

Will Play at Lexington Elks Fair August 10-15.

NIAGARA TRIBE.

Officers Chosen By New Lodge of Red Men at Orangeburg—Tribe to be Instituted Thursday Evening.

Mr. Walter C. Wormald, acting under special authority conferred by Hon. Horace J. McFarlan, of La Grange, Great Sachem of Kentucky Red Men, visited Orangeburg Saturday night and perfected the organization of Niagara Tribe No. 96. The following will be installed on Thursday night as the first officers of the tribe: Sachem—Geo. H. Turnipseed. Senior Sagamore—Jas. A. Cooper. Junior Sagamore—Sam'l T. Farrow. Prophet—W. Walter Scott. Chief of Records—Martha D. Collis. Keeper of Wampum—Arthur W. S. Young. Trustees—W. W. Beckett, R. R. Hull and A. D. Rains.

The following were elected to membership:

W. W. Scott, Boone Phillips, J. D. Bramel, L. C. Crosby, Chas. Farrow, A. S. Young, B. F. Thomas, G. W. Bramel, P. D. Pollitt, Kenneth Scott, Ollie Cooper, W. H. Rice, T. F. Goodwin, T. H. Senter, M. B. Dodson, A. D. Rains, H. R. Childs, Clarence Rains, C. B. Willett, J. A. Cooper, H. P. Day, M. D. Collis, C. W. Phillips, M. W. Beckett, G. E. Sedden, S. T. Farrow, Mike Goddard, G. L. Tolle, Wm. Walker, G. H. Turnipseed, A. L. Pollard, G. H. Bane, R. A. Carnahan, W. C. Lyman, R. R. Hull, Noble Swice, Stephen Rees, Clarence Purden, Reason Breeze, H. W. Walker, Geo. B. Kennan. Total forty-one.

Thursday evening, August 6th, at 7:30 promptly, the tribe will be instituted by Great Chief of Records Henry W. Ray, acting as Deputy Great Sachem of the State. The Degree Team of Wyandotte Tribe will confer the degrees upon the class. A band of music will accompany them to Orangeburg. All candidates are given fair warning to be on time. When the team begins to exemplify the beautiful ritualistic ceremonies the doors will be locked and under no circumstances will it be possible to enter the wigwam.

This matter is emphasized so no one may have cause to feel disappointed or aggrieved.

Those pale faces not yet qualified are requested to appear early and complete the preliminaries to membership. Otherwise they will be shut out.

Members of Wyandotte, Sago, Indianola, Paughcaughnaughtsinque, Hawkeye, Bradyville and other neighboring tribes are cordially invited to participate in making this a grand occasion. The hospitable brothers of Orangeburg and vicinity, assisted by their ladies, will spread a substantial luncheon upon the conclusion of lodge business. There is every reason to believe that this tribe will number one hundred in the very near future and become a powerful instrument of good in this locality. The charter list is not yet closed and desirable names may be added up to Thursday evening.

Mr. W. C. Wormald will go to Mt. Olivet shortly to organize a lodge of Red Men.

Why our clearing sales are always anxiously awaited and hundreds of people take advantage of them is easily accounted for. We do not tell you that this and that suit is WORTH so much and that you can buy it during the sale at 25 per cent. less than its worth, but we tell you that WE SOLD them at such and such a price, and during the SPECIFIED TIME of the sale you can buy them at

The crowds that came in through the past week and the crowds that we know will come in during this week (remember the sale ends next Saturday night) testify that our ads are convincing.

THE MARKETS.

Review of Trade in Live Stock and Tobacco at Cincinnati the Past Week.

Cattle—There has not been much animation in the market and the situation was rather in buyers' favor most of the week. Shipping steers are about the same to 15c. lower than a week ago, with few selling at \$5 or over. The butcher class, which sold at \$4.15@4.60 a week ago, are now selling at \$4@4.50, and the common grades are 10@25c. lower. Milch cows are almost neglected. Bulls are steady, owing to light receipts.

Hogs—The market was active most of the week, but prices were weak on Tuesday and Wednesday, when the bulk of the good heavy offerings sold at 5.40@5.50, and lights 5.75@5.85. Thursday the receipts were short of the requirement, causing prices to advance to \$5.70@5.75 for good heavy hogs and \$5.80@5.90 for light hogs. This price, however, is still lower than a week ago, 5c. on

heavy and 20c. on lights.

Sheep—Sheep at \$3@3.75 are 25@50c. lower than a week ago, and lambs at \$5@6 represent a full 50c. decline. Receipts have been fairly liberal and the market dull most of the week. At the present time there is a steady feeling on good fat sheep and lambs, but poor grades are slow sale.

Tobacco—The sales opened with light offerings and a strong market on Tuesday. Wednesday's market was also a good one under the stimulus of heavy purchasing by the independent manufacturers. Common smokers and export types were the weakest spots in the market on Tuesday and Wednesday, the irregular demand for these goods keeping them down below their true value.

Good quality trashes and lugs and bright medium leaf were rather scarce and the limited supply made these types the best and strongest features of the week's sales.

The transactions of the week showed an unusually large proportion of the better grades in red and bright leaf, nearly 350 hds. of fine and fancy leaf selling from 18c. to 14c., while twenty-two hds. of cigarette wrappers and high grade selections brought from 15c. to 28c. per pound.
